Alexander Teklu Tezare

FRONT END DEVELOPER

Profile

I am an ambitious, driven and passionate Front-end Development student who strives to build a career in the tech world. From an early stage I have been interested in programming and technology and their practical application in the business world. I like to take initiatives and look for creative solutions. I have a proven track of completing tasks in time and love to work in a team. I am currently transitioning from working in nursing care to a career as a Front-end developer.
